It came to our attention that we have not been receiving discounts on our bills from our Internet provider, Stargate Industries, LLC. The service provider tiled the Form 474 before **we** received our funding commitment. This blocked us from receiving a discount or filing the Form 472 for reimbursement.

We are requesting a waiver for the missed deadline since we have been trying to get this problem resolved through Stargate Industries and just recently have discovered the reason why we were blocked.

Thank you for your attention to this matter.

S. Fred Natale  
Administrator
